

Dr André

ANDRÉ WALTON

Speaker

INTRODUCTION

Dr. André Walton is a social psychologist, thought leader, and Visiting Professor of Creativity and Entrepreneurship at Newport Business School. With over two decades of research into creativity, neuroscience, and organizational psychology, André has become a sought-after voice on the subjects of burnout, innovation, and leadership transformation using Spherical Thinking™.

THE MISSION

Empowering professionals and organizations to overcome burnout, elevate emotional intelligence, and foster innovation and improved decision making by using Spherical Thinking™.

SPEAKING TOPICS

- **The silent epidemic** - Banishing Burnout, a matter of Balance
- **Creating Innovative Environments** - Positioning creativity and innovation as a core value
- **Transform your decision-making** Make Spherical Thinking your tool for better decisions, higher EQ and greater resilience
- **Creativity & Innovation:** The source of our social evolution!

VALUE

Elevate your team's decision-making skills and resilience through introducing creative thinking processes. Increased emotional intelligence, innovation and wellbeing also help ward off burnout and anxiety.

“ Powerful and inspiring. A unique and valuable way to view creativity and innovation ”

Sir Tim Berners-Lee
Inventor of the World Wide Web
